

HOW TO SEND PRESCRIPTIONS

in 3 easy steps

01

» PRESCRIBER & PATIENT'S INFO

Prescribing clinician's name, licensing information, address and contact information. Patient's full name, date of birth, shipping address and contact information.

02

» COMPLETE PRESCRIPTION INFO

Include: drug, dosage, and dosage form, quantity, SIG, and refills if requested. *Testosterone Injection prescriptions must indicate "in MCT oil" and reason for compounded formula requirement.*

03

» PRESCRIPTION TRANSMITTAL

Fax: (940) 382-2694. *Wet signature required.*

Phone: 940-382-6758 | Speak to a pharmacist

Escribe ID: 0903012660 or Carie Boyd Pharmaceuticals

- Select Medication from the drop-down menu (bulk ingredient or powder is OK)
- Use the words **Please Compound** in the SIG or Comments section followed by the compounded medication you want to prescribe.
- *Be sure to sign via DEA-approved process for CS Rx*

NOTE: If you cannot find the same strength or form, that's OK, write exactly what you want into the SIG or Comments section. In most cases we'll be able to custom compound the prescribed medication.
